

CSHA Parader's Grant Program

In 1992 the CSHA High Point Paraders created a Parader's Grant Program to raise funds to be donated to qualified organizations that work with Horses and "Special People" (handicapped and physically/emotionally disturbed children and adults). We have been successful and over the past years we have donated a number of Grants to organizations who have provided us with information regarding the history of their organization and a current schedule of activities. Every year information is due no later than September 15". All funds collected are donated as Grants. No administrative costs.

There are many "Special People" who need our help. It is gratifying to know that there are so many horses and people who are willing to spend the time and effort to help these individuals. We owe them a debt of gratitude.

The Parader's Grant is a wonderful way that all of us can help. Please spread the word to your relatives, neighbors, friends and business associates. Make donations payable to California State Horsemen's Association, ear-marked for Parader's Grant. Donations are tax deductible.

Send information and donations to:
